Committed to professional development and opportunities for all Cuban EFL teachers

NEWSLETTER

Vol . No. 1 January-February 2026

EDITOR´S VOICE: The year 2025 was a very good year for the Cuban teachers of English. No one can deny this. Several activities were carried out and what we have been doing for the learning of English in Cuba was highlighted at the IATEFL Edinburgh Conference. Several Cuban teachers of English were present at IATEFL with two paper presentations; several workshops were held under the *InglesParaElDesarrollo* program of the British Council during the 2025; the Orange month activity was a unique and different event, the community projects have increased and developed much more and several universities held their ELT conferences.

The **British Council** continues supporting and sponsoring activities in favor of the English Language teachers. Once again, our note of gratitude to the extraordinary teachers, the APC-ELI members and non- members who have encouraged us to keep providing professional opportunities to all Cuban teachers of English.

8TH APC-ELI NATIONAL CONFERENCE

December 10-11, 2026

Towards excellence in English Language Teaching

The Association of Cuban Pedagogues *ELT section (APC-ELI)* Organizing Committee is very pleased to invite EFL teachers, mainly APC-ELI members, to submit proposals for presentations of their teaching and professional experiences or research results in a multi-venue two-day conference.

This eighth edition of the APC-ELI conference will be a hybrid (online and in person) event considering the current limitations and context . Yet the organizers have not disregarded this opportunity for teachers working in primary, secondary or tertiary education to link and share experiences and best practices in the ELT classrooms,
